Khan Completes Second and Final Tranche of Private Placement of Shares

TORONTO, ONTARIO, Canada, June 2, 2015 – Khan Resources Inc. (“**Khan**” or the “**Company**”) (CSE: KRI) is pleased to announce that it has closed the second and final tranche of its private placement of common shares (the “**Offering**”) announced on May 15, 2015 and the closing of the first tranche announced on May 29, 2015. The Company received aggregate gross proceeds for the private placement of \$2,000,000 and issued 5,000,000 common shares at a price of \$0.40 per common share. No fees or commissions were paid as part of the financing. On closing the second tranche, Khan issued 900,000 common shares for gross proceeds of \$360,000. The common shares issued pursuant to the second tranche of the Offering are subject to usual resale restrictions until October 3, 2015.

Use of Funds

Khan intends to use the proceeds of the Offering to: (i) advance proceedings to enforce the collection of a US\$104 million arbitration award (the “**Award**”) rendered in March 2015 in favour of Khan and against the Government of Mongolia; and (ii) for general corporate purposes.

Related Party Transaction

The Offering is considered a related party transaction for the purposes of Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* (“**MI 61-101**”) because of the participation of certain insiders of the Company. The interest in the Offering and anticipated effect on securities holdings of the related party that participated in the second tranche of the Offering is as follows:

Name	Relationship to the Company	Interest in the Offering		Post-Closing Number of Common Shares, directly or indirectly, beneficially owned or controlled	Post-Closing Percentage of Common Shares of Khan
		Amount \$	# Shares		
VR Global Partners, L.P.	10% shareholder	\$360,000	900,000	11,473,500	13.79%

(See Press Release dated May 29, 2015 for details of the Related Parties that participated in the first tranche of the Offering).

According to MI 61-101, a related party transaction requires formal valuation and minority shareholder approval unless exempt. The Offering is exempt from the formal valuation and minority approval requirements due to: (1) the Issuer is not listed on selected markets as set out in section 5.5(b); and (2) the fair market value of the Offering is not more than \$2,500,000 as set out in section 5.7(b) of MI 61-101. A committee of independent directors reviewed the Offering and determined that as a CSE issuer Khan is

not listed on a specified market, the issue price of \$0.40 is reasonable in the circumstances of Khan and the fair market value of the Offering, in so far as it involves related parties, is not more than \$2,500,000. Accordingly, the Offering is exempt from minority shareholder approval and formal valuation requirements of MI 61-101.

The Offering is closing in less than 21 days due to the Company's need to have funds available to advance proceedings to enforce the collection of the Award, which shorter period is both reasonable and necessary in the circumstances. MI 61-101 requires if a material change report is filed less than 21 days before the expected date of the closing of the transaction, an explanation is to be provided why the shorter period is reasonable or necessary in the circumstances.

To the knowledge of the Company, after reasonable inquiry, none of the related parties have knowledge of any material information concerning the Company or its securities that has not been generally disclosed.
